

As a small station owner, I'm outraged that anyone would question our ability or willingness to broadcast local information. KWAY just broadcast a Political Forum with all the local, regional and federal candidates. We provide 10 newscasts per day. 8 Agriculture reports per day. Severe weather coverage. Any economic development through SE Colorado development organizations. We'll even broadcast lost dogs and cats. We don't need the FCC telling us exactly how much we need to broadcast, because I can guarantee it won't be as much as we already air.

Thank You,
